The HLS will be held in June/July 2010 at UN HQ in New York." More information is available [here](#).

▪ **Now Online: "Nomination for a Speaking Role at the Informal Interactive Hearings of the General Assembly with Non-Governmental Organizations, Civil Society Organizations and the Private Sector", 14 – 15 June 2010, New York**

From 20 to 22 September 2010, the UN General Assembly will hold, in New York, a High-Level Plenary Meeting, also referred to as the "MDG Summit". The Summit's main focus will be "to build on what we have learned during the past 10 years since the adoption of the Millennium Declaration and how to accelerate progress towards the internationally agreed development goals, in particular MDGs."

As a part of the process leading to the Summit, the UN General Assembly will also "convene interactive informal hearings with representatives of NGOs, civil society and the private sector on 14 and 15 June 2010. The outcomes of these hearings will provide an input to the preparatory process for the Summit and be issued as an Assembly document.

A nomination process for speakers at the hearings has now been opened so that interested NGOs, civil society and the private sector can nominate individuals to actively participate at the event." More information, including application details, is available [here](#).

▪ **Launch of Dedicated Website for Civil Society and the MDG Summit by the Millennium Campaign and UN-NGLS**

"2010 will be a critical year in determining which development pathways our world will pursue. In 2000, UN Member States agreed to the Millennium Declaration and committed themselves to achieving the Millennium Development Goals (MDGs) by 2015.

Only five years remain to achieve the MDGs, and despite some progress, collectively we are falling short. The consequence of our collective failure is that improvements in the lives of the poorest are slow to be realized – or not at all – and are now being further eroded by the onset of global crises, including economic, food and climate. However, the MDGs are achievable."

In order to keep interested civil society stakeholders informed on the latest developments related to the summit process, the UN Millennium Campaign and the UN Non-Governmental Liaison Service (UN-NGLS) have launched a dedicated website. This website will report on the latest developments related to the summit, give voice to perspectives from civil society and provide information on how to engage in the summit process.
